Creative and detail-oriented Frontend Developer with hands-on experience building responsive, accessible and visually engaging web applications. Skilled in modern frameworks and tools including React, TailwindCSS, JavaScript, CSS3 and HTML5. Passionate about crafting user-friendly interfaces and optimizing performance for seamless user experiences.

Skills

- Languages: HTML5, CSS3, JavaScript (ES6+)
- Frameworks & Libraries: ReactJs, TailwindCSS, Vite
- Tools: Git/GitHub, npm, VS Code, Figma (UI collaboration)
- Concepts: Responsive Design, Accessibility, State Management, API Integration

Yohana Kipruto

Frontend Developer

Professional Experience Frontend Developer (Freelance/Portfolio Projects)

2024-Present

- Built a Loan Calculator App using ReactJs, Vite and TailwindCSS with live currency API integration and authentication.
- Designed and implemented responsive layouts with custom TailwindCSS breakpoints, ensuring usability across devices as small as 320px.
- Debugged and resolved npm dependency conflicts and Tailwind configuration issues, improving build stability.
- Focused on accessibility by applying semantic HTML and ARIA roles, enhancing usability for diverse users.

Projects

- Portfolio Website - Personal showcase built with ReactJs + TailwindCSS, featuring smooth animations and responsive design.
- E-commerce UI Clone - Developed a mock online store interface with product cards, filters and cart functionality.
- Blog Platform (Prototype) - Created a React-based blog with markdown support and responsive layouts.

Soft Skills

- Problem-solving & debugging.
- Collaboration & communication.
- Attention to detail.
- Strategic thinking.
